

For International Professionals:

Speak and Write Better English!

If you are not a native speaker of American English, and you currently work or plan to work with people in the U.S., you may find communicating somewhat challenging:

- Other people may fail to understand your directions or explanations.
- They can't help you properly with something you need.
- You need to repeat yourself several times, frustrating everyone.
- You can't correctly use or understand American expressions and idioms.

These issues may be limiting your career and reducing your professional capabilities and image....
