

For Manufacturers and Distributors:

Aspirin for Your Language Headaches!

When making, storing or shipping products, communication mistakes can be extremely costly:

- **Errors** in proper formulation result in waste and cost.
- **Serious liabilities** result when employees don't understand safety requirements.
- **Extra work and cost** result from incorrectly shipped products.
- **Customer dissatisfaction** can also cause loss of revenue.

Employees who are unable to communicate well in English can be a big risk to your business.

On ***your*** site on ***your*** schedule:

- 🕒 **Spanish for Managers and Supervisors**
(Customized for ***your*** workplace)
- 🕒 **Improved English Pronunciation**
- 🕒 **OSHA Ergonomics and Safety**
